

MAR TECH 2011

CALL FOR PAPERS FOURTH INTERNATIONAL WORKSHOP ON MARINE TECHNOLOGY, MARTECH 2011 22th and 23th of SEPTEMBER, CÁDIZ

The main objective of the MARTECH Workshop is to show latest investigations and exchange of information and points of view on current research in MARine TECHNOlogy. MARTECH will be held in the old town side of Cádiz (Spain) <http://laciudad.cadiz.es/callejero.asp>.

The Program Committee cordially invites you to participate and submit your contribution in one of the planned sessions:

- M1: Instrumentation and Metrology.**
- M2: Underwater communications.**
- M3: Remote sensing.**
- M4: Signal Analysis.**
- M5: Structures and materials.**
- M6: Marine sensors and sensor networks.**
- M7: Marine Robotics.**
- M8: Underwater observatories.**
- M9: Operational Oceanography.**
- M10: Renewable energies.**
- M11: Aquaculture.**
- M12: Sea floor characterization.**
- M13: Underwater vehicles: ROVs, AUVs, ASVs and Gliders.**
- M14: Subaquatic historical heritage.**

Researchers and technologists are invited to submit two-page papers along with title, abstract, and keywords. All submissions will be made electronically through the conference web site before the deadline expires.

The authors of accepted abstracts must register for the Workshop, pay the registration fees, submit their full text papers, attend the Workshop and present their papers. A submitted paper will be published in the proceedings only if it is accompanied by the registration form(s) and the registration fees(s) of at least one of the authors. Extended abstracts will be reviewed by the Technical Program Committee and published in the workshop proceedings "Instrumentation Viewpoint" (ISSN 1697-2562). The full manuscripts will be published in an electronic medium.

A full registration fee covers the publication of up to two accepted papers. Further information about the MARTECH Workshop 2011 can be found at the conference web site: <http://martech2011.uca.es>

DEADLINES:

Regular and Students Papers

Notification of Acceptance
Camera-ready Manuscripts

May 31st
June 20th
July 30th

The MARTECH 2011 Workshop is organized by the University of Cádiz, Technical University of Catalonia (UPC) and the Spanish National Research Council (CSIC).
